for Elementary Education

Dr. Jeffrey D. Evancho
Assistant to the Superintendent
for Secondary Education

March 20, 2020

Dear Parents & Guardians,

I am reaching out to continue to update our students and their families during the COVID-19 crisis. As previously communicated, our schools will remain closed during the Governor's two-week shut down that ends March 27. Although we have not yet received any direction from the Pennsylvania Department of Education on whether the mandated closure will continue, we are prepared to move all instruction online beginning March 30. We have been working on our online/digital learning plan in collaboration with our teachers and will be holding virtual professional development next week. Details on our online/digital learning plan will be shared with our families next week as well.

In the meantime, we are continuing to offer curbside meal pick-up for our students who qualify for free/reduced breakfast and/or lunch. We have also reached out to families who do not have Internet access at home and have a plan in place to address their educational needs. As a reminder, students and their families can access optional learning resources and counseling resources during the remainder of the two-week closure. Click on the link above or go to our website at www.southfayette.org and click on COVID-19 Preparedness for additional information.

Although there is much we do not yet know, there is one thing for which we are certain, and that is we have come together as a community and we will be stronger for it. Rest assured that I will continue to send updates as this crisis evolves.

Be safe and well.

Sincerely,

Dr. Ken Lockette, Superintendent of Schools
